I understand the following items as they relate to college transcripts:

- College credit is granted through Redlands Community College (RCC) through a cooperative enrollment alliance with Caddo Kiowa Technology Center (CKTC).
Final grades submitted by the CKTC instructor will become part of the student's official college transcript.
Once the student is officially enrolled in a college course, if necessary, the student must drop that course within the college's designated time frame.
There will be an \$8 per credit hour academic services fee assessed by RCC.
