

Register Ids.

- Go To <http://www.sciencedirect.com/register>
- Enter Registration ID and Registration Password. Click continue.
Each user should be given an unique Registration ID & Password

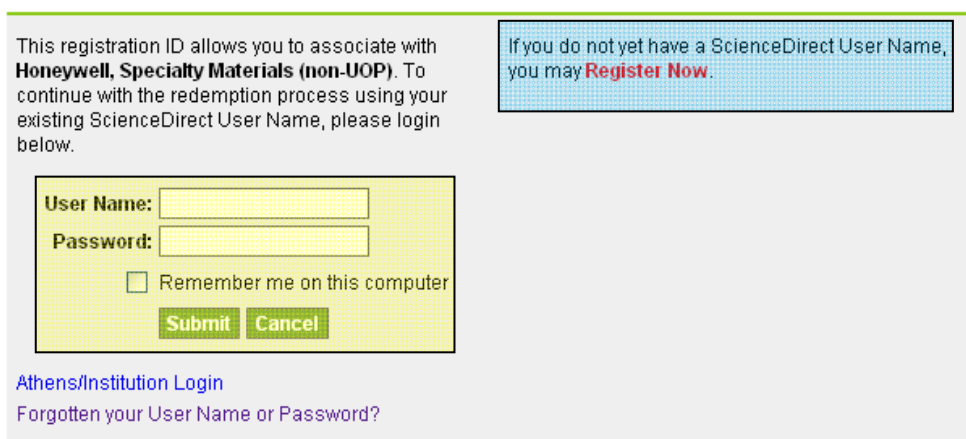

Registration ID:

Registration Password:

- **CURRENT USERS:** Enter current log in information.
- NEW USERS:** Click "REGISTER NOW" to register.

Registration ID Association

This registration ID allows you to associate with **Honeywell, Specialty Materials (non-UOP)**. To continue with the redemption process using your existing ScienceDirect User Name, please login below.

If you do not yet have a ScienceDirect User Name, you may **Register Now**.

User Name:

Password:

Remember me on this computer

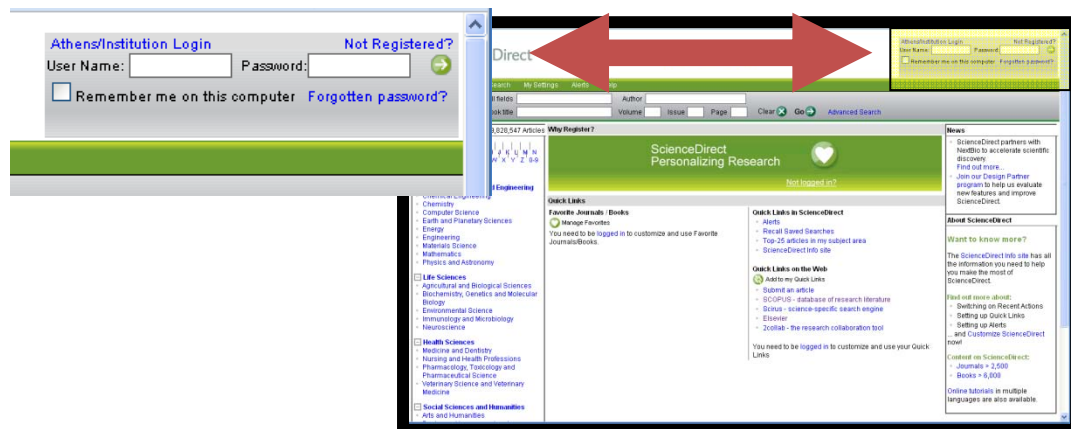

[Athens/Institution Login](#)

[Forgotten your User Name or Password?](#)

- **NEW USERS:** You will now be asked to complete a brief user profile in order to activate your profile. As part of your user profile you will be prompted to select a personal password. After submitting the profile you will be assigned a user name valid for use on ScienceDirect through your institution. Your user name will be based on combination of your given name and your family name as it appears in your profile. Both the user name and the password are case sensitive.

Logging into ScienceDirect

- www.sciencedirect.com - Enter your new user name and password in the fields at the top left of the Web Page.

With your ScienceDirect account you now have access to the full text to your subscription list of Elsevier Science journals at your desktop. In addition to full text you also have access to our abstracting and indexing layer that contains abstracts from more than 3000 journals in material and life sciences.
