In the event that a smoke detector or fire alarm sounds or you see smoke or fire, you are to immediately evacuate your building utilizing the nearest exit and proceed calmly and quickly to the designated “safe zone/meeting area.” Once you are in a “safe zone/meeting area” immediately call 911 to report the alleged fire followed by contacting Campus Security at 405.422.6200. Residents of Cougar Crossing are to treat all fire alarms as if there is a real fire and evacuate immediately. There are no false alarms.

Tornado

Tornado Safety Plans & Procedures: Oklahoma weather can be severe and difficult to predict. It is important for you to know that Redlands Community College is in Canadian County so that you can interpret forecasts and warnings provided by the media and other weather resources. Furthermore, it is important for Residents of Cougar Crossing to know that Residents and their guests and visitors are encouraged to seek shelter from severe weather in the Community Building and the Laundry Room.

Civil Defense and Siren Test: The City of El Reno maintains a citywide civil defense warning siren network that is used to signal imminent danger of tornadoes. It is tested every Saturday at noon as the weather permits.

Imminent Danger: A steady siren for three to five minutes means imminent danger. Be sure you or roommates have a plan in place that identifies the closest suitable shelter space. Go to that space. Once the sirens sound, it may be too late to seek shelter in the Community Building or Laundry Room.

Tornado or Severe Thunderstorm Watch: Issued by the National Weather Services (NWS) when conditions are favorable for the development of a tornado or severe thunderstorm. Stay alert for weather changes.

Tornado or Severe Thunderstorm Warning: Issued by the NWS when a tornado or severe thunderstorm has been sighted visually or detected by radar. The location, direction, and speed of movement of the storm are provided. Residents of the specified area should take immediate safety precautions.

Tornado Warning: A tornado warning means a tornado has been spotted by trained weather professionals in person or on radar. Tornado and security warnings are indicated by intermittent sounds of city sirens. This signal is given only when a tornado is likely to strike immediately or within fifteen (15) minutes.

If a tornado warning is issued for the City of El Reno or Canadian County area by the NWS, the public broadcast media (any Oklahoma City television station), or the sounding of the sirens for three to five minutes:

- Go immediately to Community Center safe rooms (Community Building Laundry Room and storage room by fitness center). To minimize danger from flying debris, close doors around the shelter area. Remain in the Community Building or Laundry Room until the storm front clears the area or the public broadcast

media provides an all clear signal. It is recommended you take a battery-operated radio or TV with you.

- In the event you cannot reach a designated shelter area in a timely and safe manner, it is recommended that you “shelter in place” by seeking the lowest level of the structure and get into an interior space that does not have windows and remain until you are sure the danger has passed.

Common Oklahoma Weather Definitions

Evacuation after a Tornado: In the event that a tornado results in damage to Cougar Crossing residents are to immediately evacuate the building utilizing the nearest exit and proceed calmly and quickly to the designated “safe zone/meeting area.” The primary designated “safe zone/meeting area” for residents is the Community Building.

If you are aware of an unsafe area on campus or at Cougar Crossing due to inclement winter weather, then you are encouraged to immediately report that concern to Campus Security at 405.422.6200 or the Coordinator of Residence Life at 405.422.1454.

An active shooter scenario is a fluid and unpredictable situation; therefore, the Department of Homeland Security (DHS), the Federal Bureau of Investigation (FBI), the Canadian County Sheriff’s Department, and the El Reno Police Department (ERPD) recommend that you should respond in one or all of these approaches that best ensures your safety, security, and survival:

1. **RUN:** If feasible and safe, then you are to immediately evacuate campus and do not return until an all clear has been issued by the El Reno Police Department and the President of Redlands Community College.
2. **HIDE:** If evacuation is not feasible and safe, then you are to shelter/barricade in place into a safe and secure interior room. Turn off all lights, lock all doors, and silence all cell phones. Remain sheltered/barricaded in a safe and secure interior room until safe to evacuate and/or until an all clear has been issued by the El Reno Police Department and the President of Redlands Community College.
3. **FIGHT:** If feasible and safe block all doors with furniture. Stay away from doors, windows, and all exterior walls. Be as quiet as possible. If neither evacuation nor shelter/barricade in place is feasible and safe, then utilize any means necessary to ensure your safety, security, and survival. COVID-19 Procedures

Visit www.redlandsc.edu/covid-19-updates-and-resources for the most current information on the college's COVID-19 protocols.

To prevent the spread of COVID-19 and the Delta Variant, we strongly recommend the use of masks everywhere on campus regardless of your vaccination status. COVID-19 vaccines are available at no cost. If you haven't been vaccinated, we also encourage you to visit one of the local sites. For a list of vaccination sites and other information, visit www.redlandsc.edu/covid-19-updates-and-resources.

Apartments must be cleaned and disinfected often! This is extremely important in shared areas such as kitchens, bathrooms and living rooms. If students travel home and tests positive for COVID-19, please stay home! If you have already returned to campus, stay inside your room and self-isolate. Contact the housing director and let her know of your situation. It is the student's responsibility to reach out to their instructors.

5. Do not re-enter the building until permitted to do so by emergency officials or staff.

Decorations such as posters, tapestries, or draperies may not be displayed in such a manner that could cause ignition, block exits or smoke detectors, or in any way present a fire hazard. This includes hanging a drapery over a doorway or tapestry that touches a light fixture. Please note that, per this policy, halogen lamps are prohibited, due to posing a high fire safety hazard. As an alternative to halogen lamps, consider purchasing a compact fluorescent light (CFL).

To maintain pride in the appearance of our community, please keep your walkway and entryway uncluttered and free of trash. Notify the Coordinator of Resident Life immediately of any burned out exterior or hallway lights, faulty locks, lost keys, etc.

Residents must provide the management office with written permission in order to allow anyone into resident’s apartment when the resident is not present. Included are service men, moving employees, out-of-town guests and relatives.

Hazing is prohibited. Hazing is any action or activity that causes or is likely to cause physical or mental discomfort or distress that may demean, degrade, or disgrace any person, regardless of location, intent or consent of participants, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization. Apathy in the presence of hazing is not a neutral act; it is a violation of this rule as set forth in Redlands Policy 503 Title IX and Sexual Misconduct.

Housing Technology Offerings

Redlands has made significant investments in technology both to foster and promote student learning. Free wireless internet access is currently available to students in the Cougar Crossing Community Center and each apartment. The Community Center is also home to a small computer lab that can be used for research and course work. Please review the statement of policy provided within your student handbook for usage criteria. (**NOTE:** WI-FI extenders are prohibited and will be confiscated. Repeat offenders will receive a \$50 fine.) Refer to page 5 for more information.

Immunizations

Oklahoma statutes, Title 70 §3242, require that all students who are first time enrollees in any public or private postsecondary education institute in this state and who reside in on-campus student housing shall be vaccinated against meningococcal disease. Institutions of higher education must provide the student or the student’s parent or other legal representative detailed information associated with meningococcal disease and on the availability and effectiveness of any vaccine. The statute permits the student or, if the student is a minor, the student’s parent or other legal representative, to sign a written

waiver stating that the student has received and reviewed the information provided on the risks associated with meningococcal disease and on the availability and effectiveness of any vaccine, and has chosen not to be or not to have the student vaccinated.

Incorporation of Rules and Regulations

Redlands reserves the right to modify Cougar Crossing rules at any time. Rule changes will be posted in the common areas of Cougar Crossing and in the Resident Life Office. The changes will go into effect on the date included in the posted notice. Residents are responsible for knowing and abiding by all rules in the handbook, in the documents presented to them and in posted notices.

Lockout Policy

A student is allowed one (1) free lockout. After the first lockout, a \$25 fine is assessed. After midnight, the fine is \$35. If you are locked out of your room, please contact the on-call Resident Life staff member.

Lost Keys and Key Cards

A fee of \$25 per key will be charged to the resident to replace lost keys.

Lounges/Common Area Amenities

Your apartment includes a living room, kitchen and bathroom that you will share with a roommate(s). It is up to you and your roommate(s) to establish cleanliness standards (within reason), cleaning schedules and other rules to facilitate the use of these shared spaces. If damage(s) occur in a common area and cannot be attributed to an individual resident or for which no individual resident willingly accepts responsibility, the cost to repair such damages will be split among all members of the apartment.

Maintenance Requests

Any maintenance problem should be reported immediately to the office. The Student Housing office will prepare a work order and submit it to the Physical Plant that day or the next business day if reported late, or on the weekends. If it is an emergency or after hours, maintenance will be called. If there is a maintenance emergency, please contact the RA on duty or Security at 405-422-6200.

Off-Campus Behavior

Adverse or illegal actions not committed on college property may also be subject to disciplinary actions, as well as criminal or civil action by appropriate authorities

Parental Notification

As stated in the *Family Educational Rights and Privacy Act (FERPA) §99.31*, institutions may disclose to parents, without a student's consent, when students under 21 violate drug or alcohol laws or policies. Institutions may disclose this information to parents "without regard to whether the student is a dependent." As stated in the regulation, colleges are not required to alert the student when parents have been notified, but are required to maintain a record of the disclosure to the parent and provide it to the student at their request.

Personal Transportation

Skateboards, Skates

Residents who want to use roller skates, in-line skates, or skateboards are asked to use designated areas off campus for these activities. These activities are not permitted in and/or around Cougar Crossing property and communities. These items must be stored within a resident's room or vehicle.

Electronic Skateboards, Hover-boards

Electronic skateboards, including self-balancing boards/scooters and any other similar equipment are prohibited from being used, stored, and/or charged in any Cougar Crossing Building/community due to a potential fire hazard.

Scooters, Motorcycles

Scooters and motorcycles must follow parking and traffic rules and are not permitted on sidewalks. Scooters and motorcycles must be parked in parking spots and are not allowed to be stored inside or immediately outside of Cougar Crossing doorways.

Pets

Except as required by law, no pets are allowed (even temporarily) anywhere in the apartment or on campus property. “Pets” include all mammals, reptiles, amphibians, birds and insects. Feeding stray or unauthorized pets is also prohibited. A \$300 fine will be assessed if an animal is found in your room.

Service Animals: In order for your animal to be considered by Housing, it must meet the following documentation requirements:

- **Licensing:** According to Oklahoma law, any dog older than four months must be licensed and must display a license on its collar at all times.
- **Health:** Animals to be used on campus must have an annual clean bill of health (including vaccinations) signed by a licensed veterinarian. A valid vaccination tag must be worn by the animal at all times.

Note: Therapy/emotional support animals are **NOT** service animals and, like pets, are **NOT** allowed on campus.

Quiet Hours

Quiet hours produce an atmosphere conducive to good scholarship and help create an environment where individuals can benefit from the group living experience. During specific times, residents are asked to keep the noise levels to a minimum in order to accommodate the sleep and study habits of their peers. **Quiet Hours are from 11 p.m. – 7 a.m., seven days a week.** Although, quiet hours last from 11 p.m. – 7 a.m., courtesy hours are to be upheld 24 hours a day, seven days a week. Courtesy Hours are where you respect the rights of others by keeping your noise down. If a student or staff member ask you to lower the volume, then you need to do so or be subject to disciplinary action

Renters Insurance

You rent the house or apartment where you live, so why would you need insurance? Isn't that just for homeowners? The commercial property insurance policy that covers the physical dwelling you live in does not cover your possessions inside the building. A renter's insurance policy (also known as a tenant's policy) provides protection for your personal property, such as furniture or electronic equipment, in case of perils like fire, theft, or wind damage from a tornado.

Unintentional bodily injury or property damage that you cause to others could be as financially damaging to you as a fire in your apartment. Liability protection against accidental occurrences (such as a visitor slipping on your wet kitchen floor and breaking an arm) comes standard with renter's insurance policies. **NOTE:** Cougar Crossing “**strongly encourages**” you and/or your parents or guardian to have homeowners/renters insurance.

Resident Advisors

RAs are available to assist residents in transition, information, maintenance requests and general issues that may develop. If a resident is facing an issue, please contact your building RA first, then, if necessary, another RA on-call. If the issue cannot be resolved, then the resident should contact the Coordinator of Resident Life. RA's are student leaders at Cougar Crossing; however, they also are students. Please be sensitive to their privacy and needs as well. On weekends, please contact the RA on duty.

Right of Entry and Search

Authorized Redlands personnel may enter any student's room at any time that a health, safety, administrative search, maintenance and/or damage inspection of the premises is deemed necessary. College officials also have the right to search

any room for reasons that they deem appropriate to protect the health and safety of all students living in the apartments. Staff will knock on a door twice and announce their title. If there is no answer, the staff will use a key to access the room and announce staff entering room. If there is cause to believe there is a violation of College regulations, including reasonable suspicion of a violation of the drug and/or alcohol policy, failure to evacuate during drills, or failure to respond to the request of a staff member to open the door during a policy violation, rooms may be entered in the absence of all occupants. When college personnel enter a student's room in the absence of its occupants, the privacy of the occupants with respect to other students will be maintained and the residents will be notified in writing of the reason for the entry. Room inspections are made at periodic intervals to maintain and preserve the housing accommodations.

Safe Rooms

Two safe rooms are located in the Community Center: the laundry room (OPEN 24/7) and an equipment room. These rooms will be unlocked and available when threatening weather is forecast or imminent. DO NOT STAY IN YOUR ROOMS IF THE SIRENS GO OFF. GO TO THE SAFE ROOMS! Refer to page 6 for more information.
