Requests will be reviewed and eligibility will be determined on a case by case basis by the Redlands Office of Financial Aid. Students wishing to receive a decision on their request before the end of the add/drop period must submit requests with all appropriate documentation by the Friday before the semester begin date. Students will receive notification of the request decision no later than the end of the second week of the semester. Late appeals will be reviewed in the order they are received and at the earliest convenience of the financial aid office. Students who submit late appeals will be liable for all charges if their appeal is denied. The processing of appeals will not take precedence over the processing of aid for students who do meet the requirements of SAP. Students that are granted this request must visit with either a Redlands Financial Aid Counselor or their Redlands Academic Advisor to establish and sign a Financial Aid Academic Plan of Improvement. Financial aid eligibility will not be reinstated until a signed copy of the plan is completed and in the student's financial aid file. Students on an academic plan will be placed on a financial aid probation status.
