

The tables below contain the headcount (HC) and graduation/completion rates for all athletes (Tables 1 & 2) and athletes receiving athletic-related financial aid (Tables 3 & 4).

The percentage of 'normal time' to graduation is also given; 'normal time' is defined as two years.

Note that as of the date of calculation in March 2016, 'normal time' has not been reached in 2014-2015 nor in 2015-2016.
